

The following Information Session will take place before the Auction on 8/29/2017 at the Lansing Center.

9:15 - 9:45 am
Auction room

Complying with City of Lansing Zoning and Codes

Auction properties typically are sold with either an owner occupancy covenant or rental registration requirement. Got a question about ownership or rental property management in Lansing? Join Bob Johnson, Director of Planning and Neighborhood Development and Scott Sanford, Lead Housing Inspector in the Code Enforcement Division, in an informational session before the auction begins.

Johnson and Sanford will present an overview of their work at the City of Lansing and field questions from homeowners and landlords. Copies of the new Landlord resource packet and other housing resources will be distributed.
